

Recovery Cleaning Solutions

Government Contracting & Capabilities

Executive Summary

Recovery Cleaning Solutions (DBA of Cornerstone Construction and Logistic Services Group) is a premier facility maintenance and disaster recovery organization serving federal, state, local agencies, and commercial enterprises across South Florida. The company led by CEO Lisa Williams and operations led by Richard Williams, our expert teams deliver mission-ready, eco-friendly janitorial, post-construction cleanup, and rapid-response disaster recovery services.

We operate with strict quality control, environmental sustainability, and operational reliability—ensuring government and commercial facilities remain safe, sanitary, & fully operational without disruption.

Mission Statement

Recovery Cleaning Solutions is dedicated to delivering dependable, environmentally responsible cleaning and restoration services that exceed client expectations while creating healthier spaces for businesses, schools, and communities throughout South Florida.

Key Differentiators

What sets Recovery Cleaning Solutions apart in the federal and commercial marketplace is our unwavering commitment to quality control, safety, and rapid deployment. We don't just supply cleaners; we provide managed facility solutions.

✓ Scalable Workforce:

Capable of dividing into specialized, concurrent strike teams to manage large-scale campuses (100,000+ sq. ft.) without sacrificing attention to detail.

✓ Stringent Quality Control:

We utilize rigorous, multi-point post-service inspections to ensure 100% compliance with scope-of-work requirements.

✓ Eco-Conscious Chemistry:

Expertise in matching the exact chemical compound to the job, heavily utilizing environmentally friendly green cleaning solutions.

✓ Mission-Ready Emergency Response:

Equipped for heavy-duty restoration and debris removal, ensuring zero operational downtime for essential government and commercial facilities.

Core Competencies & Specialty Services

- Comprehensive Day Porter Services, Floor Care Programs, & Restroom Sanitation

Specialty Maintenance & Post-Construction

Heavy-duty restoration, detailing, and green-cleaning programs.

- Post-Construction Cleanup (Debris removal and final detailing)
- Carpet & Upholstery Cleaning / Extraction
- Hard Floor Care: Stripping, Waxing, Scrubbing, & Buffing
- Heavy-Duty Commercial Pressure Washing & Window Cleaning
- Green Cleaning Programs (Eco-Friendly Solutions)

Disaster Recovery & Remediation

Rapid response cleanup and debris removal to ensure zero operational downtime.

- Water Damage & Flood Recovery Cleaning
- Storm Damage Cleanup & Heavy Debris Removal
- Mold Prevention Cleaning & Sanitization Services
- Rapid Emergency Response & Post-Disaster Facility Support

Past Performance & Proven Experience

Multi-Campus Janitorial Operations | Prime (Commercial)

- **Scope:** Weekly commercial janitorial contract managing three distinct church campuses in West Palm Beach, FL, including 800-seat auditoriums (101,000+ Sq. Ft. total).
- **Execution:** We divide our highly trained staff into two dedicated teams. Operations include sweeping/mopping hard floors, comprehensive carpet care, total restroom sanitization, restocking dispensers, and detailing office spaces using EPA-approved cleaners.

Post-Construction Window Cleaning | Prime (Commercial)

- **Scope:** Intensive post-construction detailing for three commercial buildings in Palm Beach Gardens, FL, encompassing 450 total windows.
- **Execution:** Applied commercial degreasers inside and out. Safely scraped off construction labels and debris using specialized blades, scrubbed with microfiber brushes, and finished with premium glass cleaner for a flawless shine.

Primary NAICS Codes & Core Federal Data

Primary NAICS Codes:

- **561720** – Janitorial Services
- **561740** – Carpet and Upholstery Cleaning Services
- **561790** – Other Services to Buildings and Dwellings
- **238990** – Post-Construction Cleaning Services
- **562910** – Remediation Services

Core Competencies & Vendor Status:

- **Business Classification:** U.S. Small Business Administration (SBA) Registered
- **SAM.gov:** Active Registration
- **UEI:** E62CGLAZCK75
- **CAGE/NCAGE:** 11YF7
- **Approved Vendor:** Broward County Public Schools
- **Approved Vendor:** Miami-Dade County Public Schools
- **Approved Vendor:** Palm Beach County School District
- **Service Area:** South Florida (Palm Beach, Broward, Miami-Dade Counties)

Post-Renovation Glass Restoration | LA Fitness | Prime (Commercial)

- **Scope:** Extensive restoration of 108 large (36×36) windows coated in stubborn paint and cement splatters following a major facility renovation in Fort Myers, FL.
- **Execution:** Pre-treated windows with degreaser and exterior pressure-washing. Applied heavy-duty chemical foam to stubborn cement spots, carefully removed debris with commercial window scrapers, and buffed dry with zero damage to the assets.

Large-Scale Pressure Washing & Sanitization | Prime (Commercial)

- **Scope:** Heavy-duty algae and biological buildup removal across expansive common areas and playgrounds in a Miramar, FL gated community.
- **Execution:** Formulated a safe 50/50 bleach-and-water solution with grease-cutting agents to break down organic growth. Utilized 24-inch surface pressure washers to safely strip away all dirt, completely restoring community spaces.

Industry Certifications & Safety Compliance

To guarantee risk mitigation for our government and commercial partners, our operations and personnel are backed by the industry's most rigorous credentials:

ISSA Certified: We adhere strictly to the International Sanitary Supply Association's global standards for professional facility maintenance and sanitation.

IJCSA Certified: Recognized by the International Janitorial Cleaning Services Association for excellence in commercial cleaning and specialized janitorial operations.

IICRC Certified: Backed by the Institute of Inspection, Cleaning and Restoration Certification, providing unmatched expertise in disaster recovery, water extraction, and surface restoration.

OSHA Compliant & Trained: Our workforce undergoes strict Occupational Safety and Health Administration training, ensuring total compliance with hazard communication, safe chemical handling, and site safety protocols.
